

WFC 13 SPONSORSHIP AT A GLANCE

About WFC13

Founded in 1974, the World Filtration Congress has earned the reputation of being the premier global filtration conference and exposition. The Congress is held only once every four years. The conference is organized and coordinated by the International Delegates on Filtration (INDEFI). Membership in INDEFI is open to Filtration Societies that have the science and technology of filtration and separation as their principal activity. Only one member is permitted per country. At present, there are 13 member societies: Australasia, Austria, China, Chinese Taipei, France, Germany, Hungary, India, Japan, Nordics, South Korea, United Kingdom, and the USA. INDEFI members compete for the honor of hosting the event.

The upcoming 13th World Filtration Congress is in San Diego, California, USA on April 20 – 24, 2020 and is hosted by the American Filtration & Separations Society (AFS). This will be the third World Filtration Congress hosted in North America; the last was hosted by the AFS in New Orleans in 2004, an event that set the record as the best Congress to date, at that time.

Highlights for the 13th World Congress include:

- 7 Plenary Presentations
- 30 Keynote Presentations
- 7 Tracks including 3 Symposium Topics
- 300+ papers
- Exhibits
- Short Courses
- Networking Events, Tours, and More

Why Become a World Filtration Congress Sponsor?

Connect with senior executives, end-users, and decision makers who are recognized in the field of filtration & separation. Bring additional awareness to your company through the many conference sponsorship opportunities. The menu of sponsorship items was created to fit every budget. The WFC 13 and Exhibition provides a perfect forum to meet with thousands of professionals in the filtration industry who are interested in your products and services. Make new connections. Unveil a new product. Build profitable partnerships. Create awareness. Reinforce loyalty. Networking and connecting with this audience are great ways to build relationships with current and future clients. Attendees will include: Senior Executives • End Users • Corporate Members • Engineers • Scientists • Students • Marketing Managers • Consultants • Policy Makers • Strategy Directors
